Open House/Wellness Fair Provides Information on Affordable Health Care to the Newly Insured
Recently Opened North Hills Medical Center Fully Operational

North Hills, CA 91343--- On September 26, 2015, from 10AM- 3:30PM, Valley Community Healthcare welcomes residents of the West San Fernando Valley to a health fair providing free vision and dental screenings, and body mass assessments, as well as an informational tour of the newly opened medical center at 9119 Haskell Avenue, North Hills.

Newly insured individuals, who have not yet found a doctor to accept their Med-Cal, Medicare, or Covered California insurance plans, will be able to tour the new clinic, ask questions about their current plans, learn about health insurance eligibility, and consider making Valley Community Healthcare, North Hills their medical home.

Opened in March 2015 as a direct result of the passage of the Affordable Care Act, the North Hills Wellness Center became fully operational August 2015, and provides lower-income families with primary care, vision and dental treatments, and specialized health services for women, teens and children. The event was co-sponsored by Valley Presbyterian Hospital and Care 1st health plan, and supported by Health Net, LA Care health plan, and Blue Shield of California.

ABOUT VALLEY COMMUNITY HEALTHCARE

Established in 1970, Valley Community Healthcare (formerly Valley Community Clinic) is a non-profit, neighborhood network of community health centers dedicated to enhancing the well-being of the community by providing high quality, culturally sensitive primary medical care and related health services to those in need, regardless of their ability to pay.
