

VALLEY COMMUNITY HEALTHCARE
Job Description

POSITION: Optometrist
REPORTS TO: Chief Medical Officer
HOURS: Hourly
FLSA Status: Exempt from overtime

GENERAL RESPONSIBILITIES: Examines, diagnoses and treats diseases and disorders of visual system, the eye and associated structures as well as diagnose related systemic conditions.

SPECIFIC DUTIES:

- ❖ Examines internal and external structures of the eyes to diagnose eye diseases, systemic diseases, and vision conditions.
- ❖ Examines eyes and performs various tests to determine visual acuity and perception and to diagnose diseases and other abnormalities, such as glaucoma and color blindness.
- ❖ Prescribes eyeglasses, contact lenses, low vision aides, vision therapy, and medicines to treat eye disease.
- ❖ Consults with other health care practitioner for co-management of care that affects the eye and systemic health.
- ❖ Specializes in type of services provided, such as contact lenses, low vision aids or vision therapy, or in treatment of specific groups, such as children or elderly patients.

MINIMUM QUALIFICATIONS:

Must have graduated from an accredited school of optometry. Must have current California license of Optometry with TPA certification, and at least one year of full/part time experience providing services as an Optometrist. Bilingual (Spanish/English) skills highly preferred.

***Responsibilities and tasks outlined in this document are not exhaustive and may change as determined by the needs of the company.**
